Liquid Detergent for Universal Use

The information provided herein is given on an advisory basis which does not imply any liability on our part. For further details see our relevant safety data sheet.

Acura Wash is a neutral universal detergent for washing coloured textiles and whites within the entire temperature range.

Acura Wash enables perfect soil removal and provides the textiles with a high degree of whiteness, a pleasant new fresh fragrance and an active enzyme for elimination of albuminous soiling.

It can also be used as a completely built, caring detergent for articles like washable outer garments, jeans, quilt jackets and similar textiles.
